Rangoli

02:00 PM – 05.00 PM

Contact: Dr Moni Gupta-94691 60994

G20 University Connect

The G20 is an intergovernmental forum comprising 19 countries and the European Union (EU). The members are Argentina, Australia, Brazil, Canada, China, France, Germany, India, Indonesia, Italy, Japan, Mexico, Russia, Saudi Arabia, South Africa, South Korea, Turkey, the U.K. and the U.S., as well as the European Union, represented by the rotating council presidency and the European Central Bank. The G20 is composed of most of the world's largest economies' finance ministries and accounts for around 80% of gross world product, 75% of international trade, two-thirds of the global population, and 60% of the world's land area. It works to address major issues related to the global economy, such as international financial stability, climate change mitigation and sustainable development. G20 summit mainly focuses on sustainable development goals, with priority areas such as green development, climate finance, inclusive growth, the digital economy, public infrastructure, technology transfer, and reforms for women's empowerment.

India assumed the Presidency of the G20 on December 1, 2022, focusing not only on macro economy and trade but also on a diverse range of global issues that significantly affect the global economy. Indian Presidency of G20 holds significance for the Global South. The theme of the Indian Presidency, i.e. 'One Earth, One Family, One Future' built on the all-encompassing civilizational value of "Vasudhaiva Kutumbakam", epitomizes that spirit. In that perspective, Shri Narendra Modi, Hon'ble Prime Minister of India, initiated the G20 University Connect: Engaging Young Minds is being jointly organized by the Ministry of External Affairs, Government of India, and Research and Information System for Developing Countries (RIS), a New Delhi-based autonomous policy research institute. The aim is to raise awareness among students and youth through the G20 University Connect series, engaging with students from 75 universities across 56 locations in India.

As a part of this initiative, Sher-e-Kashmir University of Agricultural Sciences and Technology of Jammu has the privilege of being one of such locations. We are pleased to invited you to be a part of this mega event.

Entries are invited from undergraduate and postgraduate students of the Universities and colleges for pre-events. Refer to the attached document for themes, topics and guidelines of the pre-events.
