

Vice Chancellor, SKUAST-Jammu inspired scientist to take up farmer-oriented research

Prof. J.P. Sharma, Vice Chancellor, Sher-e-Kashmir University of Agricultural Sciences & Technology of Jammu (SKUAST-J), asserted that techniques and technologies developed by the Faculty must reach to the farming communities. He was interacting with the Scientists of Faculty of Veterinary Sciences & Animal Husbandry, R.S. Pura under 'Talk at Lawn' programme. He was accompanied by various statutory officers of the University. This unique programme, a brain-child of Prof. Sharma is aimed at getting feedback from the ground level and to have one-to-one interaction with faculty members. Vice Chancellor interacted with the Scientists from Divisions of Livestock Products Technology, Animal Nutrition, Veterinary Anatomy and Veterinary Parasitology.

Prof. Sharma emphasized that commercialization of technology is important and regular Institution-Industry meet is the need of hour. He exhorted the scientists to identify the technologies having potential to cater the needs of farmers. He informed the gathering that Jammu district has been identified for Dairy development under 'One district one commodity' approach. He also visited different Divisions of the Faculty, residential quarters.

He was welcomed by Prof. M.S. Bhadwal, Dean of the Faculty. Dr. Bhadwal thanked Vice-Chancellor for his vision and guidance in making university a vibrant institute; and creating a cordial environment to interact at Divisional level.
