

SKUAST Jammu Organizes Zonal Research and Advisory Committee Meeting

SKUAST Jammu Organizes Zonal Research and Advisory Committee Meeting Zonal Research and Extension Advisory Committee (ZREAC) Meeting for Kharif 2016 was held at She-e-Kashmir University of Agricultural Sciences and Technology of Jammu (SKUAST-J). The Meeting was chaired by Prof. Pradeep K. Sharma, Vice Chancellor of SKUAST Jammu and was attended by officers of the University, Agriculture and Horticulture departments. Prof. Pradeep K. Sharma, Vice Chancellor of SKUAST Jammu impressed upon the university authorities and scientists that only final recommendations after on-farm testing and authentication should be passed on to the development departments for their dissemination to farming community. "ZREAC is not a forum to discuss research experiments and research results but to discuss final recommendations and get feedback from the development departments, otherwise it amounts to wastage of time and resources" said the vice-chancellor. Dr. S. S. Jamwal, Director Agriculture Jammu emphasized on putting impetus on testing and development of pulse varieties. He said that there should be short-term goals like testing of varieties developed outside the state for their suitability in our conditions and long-term goals of developing varieties suited for rain-fed areas in Jammu which are almost 75% of the total area. He said that we should preserve the purity of Basmati-370 after the announcement of Basmati Cluster Project by the Chief Minister on 10.05.2016. Research priorities for the university after the deliberations between the university authority & scientists, and officers of the development departments were finalized in the meeting. Dr. K.S. Risam, Director Extension, SKUAST Jammu in his opening remarks said that the purpose of this meeting is to finalize the research recommendations and identification of researchable issues in consultation with the agriculture and other allied departments. Present in the meeting were Dr. J. P. Sharma, Director Research; Dr. T. A. S. Ganai, Director Education; Dr. D. P. Abrol, Dean Faculty of Agriculture; Dr. Deepak Kher, PPMO; Dr. S. A. Mallick, Dean Faculty of Basic Sciences; Dr. V. K. Razdan, University Librarian; Heads of the divisions of FoA, Scientists besides officers of the line departments namely Sudesh Koul, Joint Director Agriculture; Mr. Rajeev Mahajan, Deputy Director Horticulture and others. The proceedings were conducted by Dr. R. K. Arora, Associate Director Extension and vote of thanks was presented by Dr. R. R. Jat.
