-Venue-

**Baba Jitto Auditorium, Sher-e-Kashmir University of Agricultural
Sciences and Technology of Jammu - 180009**

On behalf of SKUAST-Jammu & Asian PGPR Society and its Indian Chapter for Sustainable Agriculture; we welcome you all at 10th Asian PGPR India Chapter National Conference on "Fostering PGPR's for secondary green revolution towards soil and crop health management" scheduled to be held from 15-17 September, 2025 at Sher-e-Kashmir University of Agricultural Sciences and Technology of Jammu, Main campus, Chatha, Jammu, J & K, INDIA-180009. This conference is being organized in collaboration with Asian PGPR Society for Sustainable Agriculture for scholars, researchers and advisors with devoted interest and concern for scientific advances, policy making and strategic perspectives. Given the pressing challenges of climate change, water deficits and declining soil fertility across the globe, innovative approaches and techniques in present day agriculture are desperately needed for sustainable crop production. This conference is focused on exploring new innovative approaches that includes fascinating world of Plant Growth-Promoting Rhizobacteria (PGPR) and their critical role in achieving agricultural sustainability. During this event, we will form a joint platform for academia, researchers, entrepreneurs, policy makers, progressive farmers and Government officials comprising a core team of technical experts from across India, that shall deliberate and understand the strengths and weaknesses in developing PGPR associated strategies and technologies that can be used by farming communities across the world.

We look forward to your esteemed participation in this significant event, contributing to a more sustainable future for Indian agriculture.

About SKUAST of Jammu: The Sher-e-Kashmir University of Agricultural Sciences and Technology of Jammu (SKUAST of Jammu), India came into existence on 20th September 1999 following the amendment of the Sher-e-Kashmir University of Agricultural Sciences and Technology Act, 1982 through the State Legislature. SKUAST of Jammu is a multicampus university (www.skuast.org). This multi-campus institution of excellence comprises of many

Faculties viz. Agriculture, Horticulture and Forestry, Agricultural Engineering, Basic Sciences and Institute of Biotechnology situated in main campus Chatha; and the Faculties of Veterinary Sciences & Animal Husbandry, Dairy Technology at Ranbir Singh Pura Campus. Besides there are 9 different Research Stations and Sub-Stations, 10 AICRPs and 9 Krishi Vigyan Kendras that cater needs of research and extension in Jammu region. The university has mission of providing world class teaching at undergraduate and postgraduate levels in agricultural sciences, veterinary sciences, biotechnology, basic sciences, and agribusiness management.

About Jammu

The city of temples, Jammu is situated on the banks of the river Tawi, and is surrounded by the Shivalik ranges of the mighty Himalayas to its North, East and South-East; Trikuta hills on the North-West; and Northern plains in the South. It was founded by the Rajput King Jambulochan in the 14th century. The region features a humid sub-tropical climate with extreme highs in summer and winters. Month of September is cool and pleasant with temperature average of 25.0°C (Min. 20.0°C - Max. 27.0°C). light Winter clothing may be required during the visit. City of Jammu is well connected to other parts of India through air, rail as well as

inter-state bus services. SKUAST-Jammu at Chatha campus is 6.4 km from Jammu Civil Airport, Satwari, Jammu, 12.3 km from Jammu Tawi Railway Station, Trikuta Nagar, Jammu and 12.0 km from General Bus Stand, Resham Ghar Colony, Jammu.

Places to Visit

Jammu is famously called the 'City of Temples'. Vaishno Devi Temple being one of the holiest Hindu pilgrimage sites is located in Katra on Trikuta Hills (~60 kms from Jammu). Other important places of interest are-Patnitop, Sanasar, Krimchi temple, Raghunath Temple, Bahu Fort & Gardens, Amar Mahal Palace, Mubarak Mandi, Mansar & Suruisar Lakes and Suchetgarh-Pakistan International Border.

Srinagar in the valley of Kashmir is approximately 250 kms from Jammu and connected by air and road. In Srinagar during September, the average high temperature is around 81°F (27°C), and the average low is 56°F (13°C), with a mean temperature of 69°F (20°C).

Who Can Attend: Participation is open to all professionals, researchers, academia, farmers, policymakers, NGO, extension functionaries, industries, students, and field officers. Delegates are invited to register early to enable us plan and make the best possible arrangements.

Weather: In September, Jammu generally experiences warm daytime temperatures, with an average high around 33°C (91°F), and cooler night time temperatures around 22°C (72°F).

How to Reach: Jammu is well connected by rail, road, and air. The domestic flight operators connect Jammu to many important cities in India, such as Delhi, Mumbai, Hyderabad and Bangalore.
